

Mynydd y Gwair Wind Turbines Planning Application BIG NEWS - PLANNING OFFICERS REPORT PUBLISHED 15-1-2010-

Here **below is the web link** to the professional Planning Officer's final Report on the Mynydd y Gwair Wind Turbine Application for Mynydd y Gwair in north Swansea. **CLICK** on it – when it opens – go to the right hand corner and **CLICK** on Agenda Pack. The Report is 103 pages long and very detailed.

The Planning Officers are professionally recommending to the elected Swansea

Councillors that they should register an **OBJECTION** to the proposal at the Planning Committee to be held at Swansea Civic Centre (opposite Swansea Jail) this coming **Thursday at 2pm on 21-1-10**. We need a big well disciplined crowd there with placards **OBJECTING** to the Wind Turbines. Just stand outside there silently at 1.30pm and don't quarrel or argue with anyone. Just before 1.50 pm you can all try to squeeze in to the comfortable seats of the Public Gallery to sit behind the Councillors in the Council Chamber below you and to listen to the debate (you cannot take your placards in the building). Be well behaved just nod silently at the right times. Your role is also important in lobbying your local Swansea Councillors to give it the big **thumbs down** on Thursday.

The Councillors will then decide next Thursday 21-1-10 what they will recommend to the Wales Assembly Planning Inspectorate who will finally determine it after a Full Public Inquiry in July to be started at 10am at the Dylan Thomas Centre, Somerset Place, Swansea starting 20-7-10.
